

Project Demo Planning

Date	07 July 2026
Team ID	
Project Name	Credit card Approval Prediction
Maximum Marks	1 Mark

Project Demo Planning:

A well-structured demo plan ensures that the team presents the project effectively, covering all key aspects in a clear and organized manner. This document outlines the plan for demonstrating the project, including the flow of the demo, key features to highlight, and responsibilities of each team member.

S.No	Demo Section	Description	Duration (mins)	Responsible Member "Presented on behalf of all members"
1	Introduction	Brief introduction of the project and team.	0.5	Roopa Chandrika
2	Problem Statement & Solution Overview	Explain the problem, objectives, dataset, and machine learning approach.	1.0	Roopa Chandrika
3	Live Application Demonstration	Demonstrate the Flask web application, input sample data, and display prediction results.	2.0	Roopa Chandrika
4	Deployment Demonstration	Show the deployed application on Render and GitHub repository.	0.5	Roopa Chandrika
5	Testing Summary	Briefly present performance testing results and application reliability.	0.25	Roopa Chandrika
6	Conclusion & Future Scope	Summarize the project and discuss possible future enhancements.	0.25	Roopa Chandrika

Demo Flow Summary:

Step	Activity	Notes
1	Introduction & Problem Statement	Introduce the project objectives and briefly explain the problem being addressed.
2	Solution Overview	Explain the machine learning approach, Flask application, and project workflow.
3	Live Feature Demonstration	Demonstrate the application, prediction process, GitHub repository, and deployed application.
4	Q&A Session	Address evaluator questions and conclude the presentation.
